## Tax Increment Financing (TIF) Districts

The City is pleased to report that several properties that have been held in TIF Districts for the past several years have now been released to be added to the general tax rolls. This will add tax capacity to the City, which will lessen the impact of the preliminary tax levy that was adopted in September. In other words, the actual tax bill in 2016 will be less than what will be shown on the tax notices that will be delivered in the middle of November.

The Minnesota Department of Revenue is warning taxpayers of a recent over-the-phone phishing scam. Beware of phone calls and voice messages saying you are being audited and demanding you call back to make a payment to settle the tax debt.

Phishing (as in “fishing for information” and “hooking” victims) is a scam to trick taxpayers into revealing personal and financial information which can be used to steal the taxpayer’s identity.

Use caution and NEVER provide personal information unless you are absolutely sure the situation is legitimate.

Learn more about frauds and tax scams and how to report suspicious calls or messages you may have received by [visiting our website](#).
