

## Solid Waste Program

---

The Chatfield solid waste program is designed to encourage recycling, to be neat & clean and to charge fees based on the volume of trash that is generated by each user.

The intent of the city's residential garbage & recycling program is to provide the most ecologically sound method of waste disposal at a reasonable cost based on our community's size.

The more each household recycles, the lower the volume of garbage, in turn passing the savings directly to the user by reducing the number of contractor garbage bags that need to be purchased.

The "bag system" is designed to be a win / win system both for the environment and the consumer.

FLUORESCENT LIGHT BULBS & OIL FILTERS MAY BE PICKED UP BY CALLING 867-3527

THERE ARE SPECIAL PACKAGING REQUIREMENTS AND FEES THAT APPLY

**ITEMS NOT ACCEPTED: PAINT, TIRES, YARD WASTE, AUTO BATTERIES, WASTE OIL**

### DISCLOSURE NOTICE OF DISPOSAL SITES

Wm. Hanson Waste Removal disposes residential and commercial waste at Fillmore County Resource Recovery Center and Olmsted County Waste Energy Facility. Demolition and construction material is disposed of at Veit Disposal Systems and SKB Disposal.

Note: Residents may be responsible for any liability that results from contamination at a facility where your waste has been disposed. Minnesota believes that its waste management system provides substantially more financial and environmental protection than depositing waste in landfills in other states. Managing your waste in Minnesota may minimize your potential liability

## Garbage (Non-Recyclables)

Garbage includes all of those items which are not recyclable or considered bulky or hazardous waste.

Residents must use the yellow contractor bags for garbage collection. These bags are available at Cenex, Kwik Trip and Sunshine Foods.

The bags are available in two sizes, 15 gallon (20 lb. weight limit) & 33 gallon (40 lb. weight limit). The bag price is set to cover the cost of dumping the garbage at the landfill.

Please place your bags curbside by 7:00 a.m. If you have trouble with animals getting into your bags and making a mess before they are picked up, you may leave the filled and tied yellow bag in your own container at the curb. The bag will be removed and your container will be left for you to reuse.

## Recycling (Single Stream)

Single Stream recycling means ALL recyclables go into the same container, no sorting is necessary.

Paper, cardboard, bottles & containers #1 & #2, aluminum cans, steel cans, glass bottles & jars, all go in the same curbside covered container.

Please choose containers that have covers and are easy to transfer to and from the curb. Covered containers prevent the contents from blowing throughout the neighborhood or from getting wet.

Recyclables DO NOT have to be placed in contractor's bags and CAN NOT be placed in plastic bags.

## Garbage & Recycling Pick Up Schedule

Tuesday—City Wide Recycling  
Wednesday—Fillmore County Garbage  
Thursday—Olmsted County Garbage

- Place recycling containers / bags curbside by 7 a.m.
- If the scheduled pick up day is a holiday, pick up is the following day.

## Non-Baggable / Bulky Waste

Large items, such as appliances & furniture, can be disposed of at the curb too with a sticker. There are small and large stickers, depending on the item being disposed of. These stickers may be purchased at Cenex (CHS) and Kwik Trip.

To determine which sticker is required for the item being disposed of and to schedule pick up:

Call: Wm. Hanson Waste Removal  
Home: 507-867-3527 or  
Cell: 507-259-7124

**Prior to purchasing a sticker, contact Bill Hanson to describe your specific item and schedule pick up.** There is a large amount of variability in appliances and furniture, which could make your item fall into the other category.

### \*ESTIMATED STICKER COST / CATEGORY
